

Terms of Service

Version 1.0 | Effective: June 2026 | Pilot Release

EU AI ACT — ARTICLE 50 DISCLOSURE

AMENTA is an AI-powered service. Recommendations and responses are generated by artificial intelligence, not a human. AI-generated content may be inaccurate, incomplete, or unsuitable for your specific situation. Do not rely on AMENTA as a substitute for professional advice. AMENTA is not liable for decisions you make based on AI-generated suggestions.

1. Acceptance of Terms

By accessing or using AMENTA you agree to these Terms of Service and our Privacy Policy (amenta.app/privacy). If you do not agree, do not use the service. These terms are governed by Dutch law.

2. Pilot Access

- Access to AMENTA is **invite-only**. You may only use the service if you have received an explicit invitation.
- We reserve the right to revoke access at any time, for any reason, without prior notice.
- The pilot is a testing period. Features may change, be removed, or be temporarily unavailable without notice.
- Pilot access does not guarantee continued access to AMENTA after the pilot period ends.

3. Permitted Use

AMENTA is provided for personal, non-commercial use only. You agree not to:

- Use AMENTA for any commercial purpose, including reselling outputs or building competing products from our responses.
- Attempt to extract, scrape, or reproduce AMENTA's underlying data, prompts, or models.
- Submit queries designed to circumvent the AI's guidelines or produce harmful content.
- Share your account access with others.
- Use the service in any way that violates applicable law.

4. Your Responsibility for Queries

You are solely responsible for the content of the queries you submit to AMENTA. This includes:

- Ensuring that the information you provide is accurate.
- Evaluating AI-generated responses critically before acting on them.
- Not submitting personal data of third parties without their consent.

AMENTA is a recommendation tool. Final decisions about where to eat, what to order, or how to spend your time are yours alone.

5. AI-Generated Content Disclaimer

AMENTA uses artificial intelligence (Claude by Anthropic) to generate food and lifestyle recommendations. You acknowledge that:

- AI outputs may contain factual errors, outdated information, or recommendations that are not suitable for your specific needs.
- AMENTA cannot verify the current status of restaurants, opening hours, prices, or menu availability in real time.
- Responses do not constitute professional dietary, nutritional, medical, or legal advice.
- You interact with an AI assistant, not a human expert.

AMENTA and its operators are not liable for any loss, harm, or dissatisfaction arising from reliance on AI-generated content.

6. Service Provided As-Is

During the pilot period, AMENTA is provided **as-is** and **as-available**, without warranties of any kind, express or implied. We do not guarantee:

- Continuous, uninterrupted availability of the service.
- The accuracy, completeness, or fitness of any recommendation for a particular purpose.
- That the service will be free from errors, bugs, or security vulnerabilities.

To the fullest extent permitted by law, AMENTA's liability for any claim arising from use of the service is limited to the amount you paid for the service (zero, during the pilot).

7. Intellectual Property

The AMENTA name, design, and underlying technology are the property of AMENTA's operators. AI-generated responses are not original intellectual works and carry no copyright claims on our part. You may use responses for your own personal reference but not for commercial redistribution.

8. Termination

We may suspend or terminate your access immediately if you breach these terms. You may stop using AMENTA at any time. On termination, you may request deletion of your data as described in the Privacy Policy.

9. Changes to These Terms

We may update these terms as the service evolves. We will notify you by email at least 14 days before material changes take effect. Continued use after that date constitutes acceptance of the revised terms.

10. Contact

Questions about these terms? Email hello@amenta.app.
